WORK EXPERIENCE (3 YEARS+)

- **HoneyBee IoT Ltd**

Web Application Engineer (ERP Solutions)

- Developed scalable ERP modules within the HoneyBee ecosystem, enhancing business automation and operational efficiency.
 - Built and maintained high-performance RESTful APIs with clean, maintainable architecture.
 - Implemented RBAC, reporting, and modular features for HR, inventory, and core workflows.
 - Collaborated cross-functionally to deliver production-ready features from requirements to deployment.
 - Optimized queries and caching, reducing API response time and improving system stability.
 - Improved codebase through refactoring, usability enhancements, and CI/CD with Docker.

Feb 2026 – Present

Dhaka, Bangladesh
- **Ahsanullah University of Science and Technology**

Lecturer (Part Time)

- Delivered Cloud Computing (CSE4267) coursework to 180+ students across two semesters.
 - Prepared lectures, exams, and evaluated 200+ scripts with accurate and timely result submission.
 - Guided students through hands-on AWS-based projects to enhance practical skills.

Dec 2024 – Dec 2025 (2 semester)

Dhaka, Bangladesh
- **Orange Business Development Limited**

Software Engineer

- Developed and maintained backend services for the RDCD (Ministry of Local Government) Beneficiary Training Management project, serving 50,000+ beneficiaries across multiple districts.
 - Built and optimized 30+ REST API endpoints using Laravel and NestJS, improving processing speed by 35%.
 - Implemented CI/CD pipelines with GitHub Actions, reducing deployment time by 60% and ensuring zero-downtime updates.

Oct 2023 – Oct 2024 (1.1 years)

Baridhara DOHS, Dhaka-1206, Bangladesh
- **Divergent Technologies Ltd.**

Database Administrator

- Worked in the VAS team at Robi, managing IVR services and delivering high-volume promotional campaigns used by millions of subscribers, ensuring reliable rollout with zero critical production incidents.
 - Built and optimized backend services using NestJS, REST APIs, and PostgreSQL, streamlining campaign and documentation workflows and reducing manual operational effort by 30

Apr 2023 – Oct 2023 (7 months)

Mohakhali C/A, Dhaka-1212
- **Shadhin Lab LLC**

Cloud Solution Developer

- Developed serverless backend applications for AWS-based environments.
 - Worked with NodeJS, Lambda, and other modern cloud tools.

Aug 2022 – Apr 2023 (1 year)

Riajbag, Road-6, Rampura, Dhaka – 1219

EDUCATION

Degree/Certificate	Institute/Board	GPA/CGPA	Year
M.Sc. Engg. in CSE	Military Institute of Science and Technology (MIST) - Mirpur 12, Dhaka-1216, Bangladesh	ongoing	2025–2026
B.Sc. Engg. in CSE	Bangladesh Army University of Science and Technology - Saidpur Cantonment, Saidpur 5400, Bangladesh	3.6/4.0	2017–2022
HSC (Science)	Adamjee Cantonment College - Dhaka Cantonment, Dhaka-1206	5.0/5.0	2014–2016
SSC (Science)	Allardarga Secondary School - Daulatpur 7042, Kushtia	5.0/5.0	2012–2014

PROJECTS

- **Mess Monitor** *Jan 2022 - present*
Mess expense tracking app (Flutter + Cloud Backend) Play Store Link
 - Achieved 5K+ downloads and 700+ active users with a 4.7 rating and 35+ positive reviews; currently generating \$10 in monthly earnings.
 - Allows users to manage daily meals, grocery costs, utilities, and expenses easily.
- **HR Connect – Human Resource Management System** *Apr 2024 - Oct 2024*
HR system integrated with biometric attendance tracking hrms-demo.divergenttechbd.com
 - Developed using NestJS and PostgreSQL. Includes payroll, leave management, and role-based access.
- **Beneficiary Training Management System** *Oct 2023 – Oct 2024*
Microservice-based web app for RDCD (Ministry of Local Govt) btm.rcd.gov.bd
 - Built using Laravel, React.js, Blade, Bootstrap, and Queue systems. Integrated payment gateway and real-time notifications.

TECHNICAL SKILLS

- **Programming:** PHP, JavaScript, TypeScript, Python, SQL
- **Frameworks:** NestJS, Laravel, NextJS, ReactJS
- **Databases:** PostgreSQL, MySQL, MSSQL
- **Tools/Cloud:** AWS, IAM, EC2, S3, RDS, Serverless, Docker, Linux, CI/CD, GitHub Actions

CERTIFICATIONS

- **AWS Certified Cloud Practitioner** – Amazon Web Services (AWS) *Jan 2024*
- **Cloud Management with AWS** – BASIS Institute of Technology and Management (BITM) *Aug 2023 - Oct 2023*

ACHIEVEMENTS

- **Hackathon Championship**, bdapps National Hackathon 2022 [Won BDT 200K] *Nov 2022*
- **AWS Grant Winner**, Selected for AWS Startup Day Grant [Got \$10K aws credit] *Oct 2023*
- **Board Scholarship**, Got scholarships based on SSC and JSC results *2014 - 2016*
